

INNO-FLOOR FOX C380

Alcohol Based Cleaning Agent for Equipment Cleaning

Description

FOX C380; It is an alcohol-based cleaning agent used for cleaning equipment in epoxy and polyurethane systems, which allows easy application by cleaning the resin remaining during application.

Fields of Application

- **FOX STONECARPET®** and **FOX PEBBLEDECK®** are used in trowels and equipment during application.

Advantages

- Prevents the trowel from sticking to the surface.
- Facilitates application.
- Provides economical and very fast results.
- Easy to apply and use.
- Very fast and effective.

Technical Properties

Material Structure	Liquid
Density	0,80±0,05 gr/cm ³

Application

In order to clean the polyurethane or epoxy resin remaining on the trowel during the application of **FOX STONECARPET®** and **FOX PEBBLEDECK®** products, the product is applied to the surface by spray and cleaned with a cloth.

Cleaning of Tools

FOX C380 can be cleaned while the resin-based products on the equipment are still fresh.

Package

- 1 L Spray Bottle
- 5 L Bottle

Shelf Life

When stored correctly at room temperature, away from direct sunlight, between +5°C and +30°C, the shelf life is 12 months from the date of production.

Storage

It should be stored in its unopened original packaging, in a cool and dry environment, protected from frost. For short-term storage, maximum 3 pallets should be stacked on top of each other and shipment should be made on a first-in, first-out system. For long term storage, pallets should not be stacked on top of each other.

Safety Precautions

It is dangerous to approach the storage and application areas with fire. Storage and application areas should be ventilated. During the application, work clothes, protective gloves, goggles, masks in accordance with the occupational health and safety rules should be used. During storage and application, it should not be contacted with the skin and eyes, should be washed immediately with plenty of water and soap, and if swallowed, seek medical attention immediately. Food and drink materials should not be brought to the application areas. It should be stored out of the reach of children.

For detailed information, please refer to the Material Safety Data Sheet.
