

## INNO-CARE FOX CLEANER FR350

### General Purpose, Alcohol Based Cleaning Detergent

#### Description

**FOX CLEANER FR350** ; It is an alkali-based detergent suitable for machine use, used for cleaning of heavy dirt, dust, oil, etc on the surface, developed for epoxy/polyurethane-based industrial floor coatings.

#### Fields of Application

- On all industrial and decorative coatings,
- On epoxy-based floors,
- On polyurethane-based floors,

#### Advantages

- Make easier cleaning of coating materials.
- It provides economical and very fast results.
- It cleans well, no need to rinse.
- Suitable for all surfaces.
- Easy to apply and use.
- It is very fast and effective.
- Suitable for industrial cleaning machines.

#### Technical Data

Structure of Material	Liquid
Density	1,010 gr/cm <sup>3</sup>
Color	Transparent
Odor	Characteristic
pH:	7,35-7,38
Application Temperature	+5°C/+ 35°C

The above values are given for + 23 ° C and 50% relative humidity. High temperatures shorten the time, low temperatures extend the time

#### Application Procedure

##### Preparation of Substrate

It is sufficient to pay attention to the dryness of the surface, and on soft and sensitive surfaces, a small area should be tested before the application. **FOX CLEANER FR350 5 kg** bin is a cleaning material that can be diluted with water at a rate of 1-2% (1/100-1/50) Shake the bottle well before opening.

##### Application

**FOX CLEANER FR350** is in 5 kg concentrate bin packaging. If the surface is dirty and dusty, first clean the coarse dirt and etc. on the surface with a machine with a white pad. Afterwards, **FOX CLEANER FR350** (the product prepared by diluting rate of (1-2% (1/100-1/50) should be added into the machine with the specified amounts of clean water. Cleaning should be done according to the dirt condition with the machine with a clean white pad. When using the machine, it should be cleaned at least 2 turns as horizontal and vertical axis. With regular use, less dust and contamination will occur on the surface.

In manual use, the product prepared by diluting **FOX CLEANER FR350** (5-10% (1/20-1/10) should be applied to the surface with the help of a mop. Then the heavy dirt and oils on the surface should be cleaned by hand brushing method. The cleaned surfaces with detergent should be cleaned with a clean mop/fiber pad and with the help of rinsing method.

##### Cleaning of the Tools

**FOX CLEANER FR350** residues can be removed from tools by rinsing it well.
