

INNO-DECO FOX EPOTHANE® FILLER TF

Epoxy Terrazzo Filler

Description

FOX EPOTHANE® FILLER TF is specially developed epoxy terrazzo filler for **Fox Zeugma Epoxy Terrazzo System Matrix**.

Fields of Application

- **Fox Zeugma Epoxy Terrazzo** is used in system matrix as a filler.

Advantages

- Enables epoxy terrazzo system to be applied easier,
- It provides the filling of the gaps of aggregates with the matrix..

Technical Features

Colour	White
Odour	No odour

The above values are given for + 23 ° C and 50% relative humidity. High temperatures shorten the time, low temperatures increase the time.

Surface Quality

Concrete substrates to be applied must have a strong and sufficient compressive strength (at least 25 N/mm²), tensile strength at least 1.5 N/mm², humidity should be maximum 4%, ground temperature minimum +8°C. In addition, it should be noted that the dew point of the ground is above +3°C. The substrate should be clean, dry and free from all kinds of dirt, oil, grease, coating and surface curing materials etc.

Application Procedure

Mixing

FOX EPOTHANE® FILLER TF is mixed into the **FOX EPOTHANE® BASECOAT TERRAZZO** by adding it as specified in the Fox Zeugma Epoxy Terrazzo System. The mixture is added on the aggregates in the terrazzo mixing mixer bowl and mixed until it becomes homogeneous again (30-45 seconds).

Coverage

Variable

Package

40 kg bag

Storage

It must be stored in its unopened original packaging. For short term storage, maximum 2 pallets should be placed on top of each other and shipment should be made with the first in, first out system. In long-term storage, pallets should not be placed on top of each other.

Safety Precautions

It is dangerous to approach the storage and application areas with fire. Storage and application areas should be ventilated. During the application, work clothes, protective gloves, goggles, masks in accordance with the occupational health and safety rules should be used. During storage and application, it should not be contacted with the skin and eyes, should be washed immediately with plenty of water and soap, and if swallowed, seek medical attention immediately. Food and drink materials should not be brought to the application areas. It should be stored out of the reach of children.

For detailed information, please refer to the Material Safety Data Sheet.
