

INNO-FLOOR**FOX ESD CONDUCTIVE TERMINAL****Grounding terminal ESD****Definition**

FOX ESD CONDUCTIVE TERMINAL - earthing terminal made of conductive copper tape used to connect electrically conductive floor coverings to the earthing system.

Fields of Application

- **FOX ESD** systems.

Technical specifications

Structure of the Material	Yellow ABS
Size	47x50x12 mm
Grounding cable	2 meter

Usage Volume

Material consumption varies depending on the application. The exact consumption is determined according to the project.

Installation Procedure

The **FOX ESD CONDUCTIVE TAPE**, laid on the ground, is connected to the **FOX CONDUCTIVE TERMINAL** for grounding. The **FOX ESD** conductive terminal is then connected to the main ground line. Grounding should only be performed by an electrician.

Security Precautions

It is dangerous to approach storage and application areas with fire. Storage and application areas should be ventilated. During application, work clothes, protective gloves, glasses and masks in accordance with occupational and worker health rules should be used. It should not be contacted with skin or eyes during storage and application. In case of contact, it should be washed immediately with plenty of water and soap. If swallowed, a doctor should be consulted immediately. Food and beverage materials should not be brought into application areas. It should be stored in places inaccessible to children. For detailed information, please refer to the Material Safety Data Sheet
